

Statistical data obtained when working by the method of vegetative resonance test  
"IMEDIS-TEST +" (results of work from May 2003 to February 2016)

G.Yu. Andreichenko  
(Vorkuta, Russia)

In total, during this period, a four-level diagnosis was carried out for 1795 people. By age, the groups were distributed as follows.

Table 1

Age	Up to 1 year	1-10 years	11-20 years	21-40 years	41-60 years	Over 60 years old.	Total

The current picture of the dominant miasms is presented in table. 2.

TOTAL	1795	100.0

In 888 cases, which amounted to 49.5% of the total number of those examined, at the fourth level, only psycho-vegetative loads were tested, which could be eliminated with drugs from the Bach flowers group, Systemic Spiritual Adaptants, Medpharma (folder of psychosocial load), drugs from the Guna company ( Flowerplex), "Sprout", etc.

In 232 people, which amounted to 12.9% of the total number of those tested, at the fourth level, both miasm and psycho-vegetative loads were determined, which were removed by the Viper drug

2000 in combination with preparations from Bach flowers, psychosocial loads "Medpharma", "Guna" (Flowerplex), etc. Moreover, the psychological drug served in this case as a drainage.

In recent years, there has been a noticeable increase in the number of patients in whom only psycho-vegetative loads were determined at the fourth diagnostic level. Solving these problems with drugs from the groups Bach flowers, Systemic Spiritual Adaptants, "Medpharma", "Guna", "Rostok", "Rubimed" managed to remove the auto-aggressive program in DNA (Table 3).

All 29 people tested over the past year passed this option.

Considering that each person is a part of a single energy field and, naturally, reflects the state of this field, we can conclude that the general level of human awareness is increasing. An increasing number of people are thinking about who they are, what they can do to change themselves, and what contribution they can make to the single energy organism of which they are a part. And it pleases!

Analyzing the figures by year, one can clearly see a noticeable increase in indicators since 2007.

Differentiating through the pointers Intox II and Intox III, the following picture emerged.

Table 4

Miasm	Intox II	Intox III	Total

TOTAL	31 - 1.7%	1764 - 98.3%	1795 - 100%

Analyzing the diagnostic picture, there is a clear predominance of hereditary burden (98.3%).

For level 4 therapy, I used the following drugs: Spec. Viper 2000 - 887 cases (49.4%); FM chords - 17 cases (0.95%);

Nosode - 1 case (0.05%); Bach flowers - 167 cases (9.3%); Systemic Spiritual Adapters - 20 cases (1.1%); Psychosocial loads "Medpharma"- 68 cases (3.8%); Flowerplex by Guna- 222 cases (12.4%); Other drugs - 413 cases (23.0%).

After removing the miasms, I conduct therapy for deep mycoses.

A few figures on the results of antifungal therapy. In total, 1,363 people passed this stage. Resonance frequency therapy was performed in 1028 sessions. At 335 sessions, it was possible to remove the fungal infection by choosing a ready-made preparation from the selector.

#### General statistics on the proposed algorithm

The therapy of miasms was prepared and carried out for 1795 people, of whom 1363 people were treated for deep mycoses, of them, 1154 people underwent therapy of the karmic space, 1287 of them carried out work at the atmic level, of them, work was carried out to install a magnetic center, 1243 people, of whom work was carried out on KDT 1181 people, 1097 of them worked through Viper D400, of them, work was carried out through radioactive fallout 1046 people, of whom work was carried out to level the force fields of 1026 people, of whom work was carried out through the index of the head centers of 971 people, of which YIN-YANG harmonization was 970 people, of them work was carried out through the Talamus 5u.e. 940 people, of whom 896 people underwent correction of enzyme systems, of whom 873 people underwent work through astroprotectors, 842 of them carried out work to remove atopic allergy, 814 of them passed the stage of "finding their way" (Runes), 781 of them passed the stage of "invulnerability" (bactericidal), 749 of them passed the stage of "leveling the energy state", 711 of them passed the stage of "removal of the depletion of the immune system", 673 of them passed the stage of "unblocking of adaptation reserves" "637 people, of which 599 people have passed the stage of" harmonization of the elements of the Earth ", 565 of them passed the stage of "removal of endocrine system depletion", 535 of them passed the stage of "restoration of acid-base balance", 502 of them passed the stage of "harmonization of the dominant focus", 481 of them passed the stage of "harmonization of the primary affected organ", 450 of them passed the stage of "harmonization of the meridian with max violation", 430 of them passed the stage of "harmonization of the intestinal cycle", 404 of them passed the stage of "harmonization of hormonal deficiency", 400 of them passed the stage of "harmonization of sensitivity to EMN", of which passed the stage of "harmonization of deficiency disorders. merid. " 342 people, of whom 309 passed the stage of "harmonization of the five elements",

274 of them passed the stage of "harmonization of the organ - the source of complaints", 240 of them passed the stage of "harmonization of the most affected organ", 208 of them passed the stage of "harmonization of the limbic system", 169 of them passed the stage "harmonization of ego = pride", of them passed the stage "harmonization of counter. miraculous meridian "117 people, of which 70 people have passed the stage of" removing the wrong polarity ", 29 of them passed the stage of "removal of hereditary toxic information", 15 of them passed the stage of "harmonization of the effective chakra".

#### Comments on general statistics

For children born after 2000, work with karmic space is usually skipped. Immediately after the treatment of mycoses, work is carried out at the atmic level. Further steps follow the basic algorithm. This explains the numbers: work on the karmic space - 1154 people, work at the atmic level - 1287 people. I believe that children born after 2000 are the future of the planet. They came to this world with fewer psychological complexes initially - the so-called "indigo" children.

Another feature is that if the mother underwent miasm therapy before giving birth, then the work at the atmic level immediately begins in the children born. That is, their physical body is healthy. Therefore, work immediately begins at the level of the soul (see the algorithm). There are already many such children under my supervision. Unfortunately, I did not keep statistics in this direction.
